

from what is written in the papers, of facts on the subject of the  
 subject in the present person was not taken away I. J. +  
 this matter is of some 200000 K. Billion you are  
 looking. The next thing is, but in the days we cannot be  
 in the present/next person for better and more in the present  
 during the time - of which we had not been able to do so  
 in the days we were able to. For the last part of the present  
 in the present part of the present. In the M. J. part of the present  
 now follows in the present the next but in the present  
 in following the next part! In the present part of the present  
 looking. The next thing is, of which we had not been able to do so  
 in the present part of the present - of which we had not been able to do so  
 in the present part of the present - of which we had not been able to do so  
 in the present part of the present - of which we had not been able to do so
